Variable speed control

Light weight ergonomic handle to help reduce strain on the wrist and arm with finger tip controls easily adjusts the amount of suction with a touch of a button.

3-in-1 cleaning tool

The convenient onboard 3-in-1 cleaning tool means you'll always have the right tools at hand. Easily convert from a crevice tool to a dusting brush and a fabric tool, to clean all surfaces from floor to ceiling.

Telescopic wand

Clean stairs and those hard to reach places from ceiling to floor effortlessly with the convenience of a telescopic wand.

Combo floor/rug tool

Vacuum many different floor types within your home with one tool that easily switches from bare floor to carpeted surfaces.

Crushproof hose

The rigid construction allows you to clean without having to worry about kinks, flattening, or loss of suction. Available in 9m, 10m, and 12m lengths.
